

# Quick Start Guide

touchpanelcontrol  
AMX Authorized Product Partner

## NEW USER — SIGN UP

Skip this step if you have an existing account with Touch Panel Control.

### 1 Open your Internet Browser.

Go to <http://www.touchpanelcontrol.com> to Register.

### 2 Click Register and fill in your details.

- Enter your **Account details**.
- Fields marked with an (\*) are compulsory/required fields.
- If applicable, enter your AMX Company ID to enable all features of the site.
- When all required fields have been entered, click **«Submit»**.

### 3 Registration Complete.

**Congratulations!** An email will be sent to your registered email address.

Click the activation link within the email and you are ready to access your Touch Panel Control account and manage your Tokens online.

## TOKEN REGISTRATION: VIA WEBSITE

### 1 Add TOKEN information.

- Log in to your account at <http://www.touchpanelcontrol.com> and navigate to **My Account > Tokens > TPCControl licenses (TPCloud)**.
- Type the TOKEN into the **Distributor license** field and enter a reference to identify your TOKEN.
- Press the **«ADD TOKEN INFO»** button.

### 2 Add DevUID to Token.

- Locate your new Token and press the **«ADD DevUID»** button.
- Enter the DevUID number for the device.

*Token registration complete.*

*(Visit the Downloads section for documentation on how to obtain DevUID information for your device)*

### 3 Update TP4 files and Settings via TPCloud.

- Click the **«Upload»** option, and choose **«Upload new TP4 file»**.
- Click the **«Settings»** option, and set the device parameters.
- Select one or both check-boxes.
- On the device, within TPCControl Settings, enable **«TPCloud update»**.
- Start TPCControl to begin the update process.

*Device registration complete.*

*(Requires Internet access)*

## TOKEN REGISTRATION: VIA TPTRANSFER

### 1 Download and Install TPTransfer.

TPTransfer is available from the downloads section of the website.

<http://www.touchpanelcontrol.com>

### 2 Find your device.

- For detailed TPCControl setup instructions, click **TPTransfer > Tools > Documentation**.
- Click the **KEY** icon next to the unregistered device.
- Enter your account email as the TPC User ID and your Token information, then press **«Submit»**.

*Device and Token registration complete.*

*Enter your account email... (Requires Internet access)*

### 3 Upload a TP4 file.

- Press **«Upload New»** next to the device.
- Choose a TP4 file.
- Your file will be sent to the device.
